

RRM19R

Created for the Pro's, the RRM19R mixer case is made for the journey and built to hold strong in high stress situations. Designed to fit rack-mountable 19" mixers including the Mackie 1604, 1642 and the Allen and Heath Mix Wizard the RRM19R features heavy-duty rack rails to bolt down your gear and a removable, latchable cover. We also created the RRM19R with a rear access door for easy connections. Tougher than the pavement! That's the idea
